Environmental Legislation

Issue	Name of Legislation / regulation and date	How it relates to my business	Controls / actions to comply	Evidence to show compliance	Who is responsible for compliance?
	Environment Protection Act, 1997 which is in force from 30th January 1997	This act requires assessment of initial Environment Examination (IEE) before getting permission for starting project. This act also prohibits construction at or near heritage sites.	The hotel has complied with IEE requirement and got an approval from ministry of culture. tourism and civil aviation after thorough assessment of IEE report. Further, the location of the hotel is not at or near heritage site.	We have obtained an IEE approval from ministry of culture, tourism and civil aviation on 3rd Baisakh 2071 BS having letter reference no. 4484. The copy of approval has been attached.	The management of the hotel is responsible to comply with the provisions. The management has outsourced statutory compliance matters to an accounting firm.
